

Achy Shaky Heart

Dust in my boots
Bass in my soul
Neon lights where the wild hearts roam
You can tell the world you never rode my road
You can burn my hat when I'm gone

Ridin' through the static
Lost in the glow
Whiskey and strobe where the night winds blow

But don't tell my heart
My shaky breaky heart
He just won't take it like a man
If you tell my heart
My shaky breaky heart
He might light up this neon land
Hey!

Cowgirls dancin'
Boots hit the floor
Lasers cuttin' through the dancehall war
You can tell your friends I lost control
Laugh about my heart on the phone
Hey! Hey! Hey!

Light it up now
(Instrumental)

Dust in my boots
Bass in my soul
Neon lights where the wild hearts roam
You can tell the world you never rode my road

You can burn my hat when I'm gone

Ridin' through the static

Lost in the glow

Whiskey and strobe where the night winds blow

But don't tell my heart

My shaky breaky heart

He just won't take it like a man

If you tell my heart

My shaky breaky heart

He might light up this neon land

Hey!

Cowgirls dancin'

Boots hit the floor

Lasers cuttin' through the dancehall war

You can tell your friends I lost control

Laugh about my heart on the phone

Hey! Hey! Hey!

Light it up now

Hey!

Boots and bass

Hey!

Light up this place

Just kick some

Crowd goes insane

Country soul in a techno plane
